My Dear Sir

I telegraphed you today to ascertain whether we could ship promptly to Sherman's army from New York and also advising that order had been sent to New York to Simeon Draper Collector dated 7<sup>th</sup> ordering that the goods for the Miss San Val Fair be admitted free of duty. You will please receive them and have them forwarded to my address by express. In addition to the papers heretofore sent you. I enclose list of articles shipped by Mr. Lord US Consul Liverpool to your care and [ ] of Chauncy I Filley. If you will either attend to this or will put it into the hands of some reliable custom house broker you will greatly oblige.

Very Truly Yours
