Jas A Roosevelt Esq.
New York

Dear Sir

Your kind letter of the 2nd was duly recd- with six packages shipped by you, all of which arrived safely except the looking glasses. Please accept thanks for the trouble you have been at and for the amount of expenses which you liberally donated. Had I supposed that your generosity would have been further taxed I would not have called on you. Sherman is moving gloriously, although I cannot keep from feeling some anxiety about him as all rebel arms are combined to crush him out but I have confidence in him. I send an autograph letter of his for Mrs. Roosevelt as I presume she has her book of autographs. It was a letter in answer to our point after hearing of the taking of Savannah in which I suggested that he should close up Charleston the Pandora's box of all the evils that afflicted this country. I wish I could do something to show you how grateful I am for all your kind services. Very truly yours
